

100% Reliability

Efficient

Oil-free

Reusable

Application Report

Industry	Semi-conductor manufacturing equipment
Type of Application	Short and long term storage of equipment and tools
Project Details	Company was seeking a less expensive storage situation for high value inventory
Previous Problems	Company was running out of inventory space and was considering building or leasing more warehousing
Revised Packaging Solution	<ul style="list-style-type: none"> - By utilizing rolls of Intercept Shrink Film and wrapping their sensitive products, they were able to protect their inventory in non climate controlled trailers - Taping allowed for quick sealing (note – non-paper tape) and easy access and re-closing
Benefits and Improvement	<ul style="list-style-type: none"> - Companies' inventory protected in Intercept needed less repair work than in the climate controlled warehouse

Application Photos

The storage container corrodes but not the equipment inside Intercept packaging.

Intercept wrapped Steel & aluminum are pristine after over 2 years in outdoor storage containment.

Expensive equipment safely wrapped in Intercept packaging.
